3) I am not in favour of a general relaxation of the age limit as proposed. We have not had any such rule since 1906. But as a spl case in the case of those in service the age limit may be varied to 28. The 30 years rule was deleted mostly because the type of candidate who will come in is far too advanced in age to be trained properly & the purpose in view. The only exception may be up to 28 in the case of those in service.

There is no special reason to exempt 'Advocates' as such from the age limit

To

The Chief Secretary

to the Government of Mysore,

Bangalore.

Sir,

CB for a note. There was some such relaxation in the 1928 Exam[n], I think.
15-2-36

It is gratifying to the recent graduates of the University of Mysore to note that the Government propose to revive the Mysore Civil Service Examination after a lapse of nearly eight years. In this connection I beg to place before you for your generous consideration, an appeal on my own behalf and on behalf of several others who are placed in a similar situation, for the relaxation of the upper age limit for candidates intending to appear for the examination this year.

The last Mysore Civil Service Examination was held in the year 1927-28, and persons who graduated in 1928 and thereafter, had no chance of entering the Mysore Civil Service by open competition. Most of the graduates who left the Colleges in 1928, 1929, 1930 and 1931, have now exceeded the 25 year age limit and are ineligible to sit for the examination under the present rules. Owing to the most abnormal and unprecedented conditions prevailing in the country during the past few years, graduates of the University of Mysore, especially of the years 1928 to 1932 have suffered greatly for want of appropriate employment, and when the conditions for employment are gradually improving, as at present, they are finding themselves disqualified to make use of the opportunities on account of the age bar. Several distinguished graduates who joined Government Services on temporary basis in various Departments, have since been thrown out for lack of permanent vacancies. These graduates who have suffered

severe hardships for reasons quite beyond their control, and who were denied the opportunity of entering the Civil Service by open copetition, would be greatly obliged to the Government, if the examination could be thrown open to them at least this year. Under the circumstances, I beg the Government to extend the age limit to 30 years. If for any reason, it is found not possible to make a general rule, the Government can at least generously consider individual cases on their own merits, taking into consideration, the academic records, the classes in which Degrees were taken, previous Government Service, etc., and exempt a few select candidates from the application of the upper age-bar. An early announcement on this matter would be very much appreciated, so that the several concerned young men may commence their studies for the examination in right earnest.

I beg to append herewith, Sir, a statement of my own personal history, and appeal to the Government to permit me to appear for the Examination this year.

Thanking you in anticipation,

I beg to remain,

Sir,

BANGALORE.

31-3-36

Sir,

With reference to para 2 of Government Order No.G. 1925-33/C.B. 112-35-5 dated 2nd March 1936, regarding the holding of a competitive examination for the recruitmen of candidates for the Mysore Civil Service, I have the honour to send herewith a draft notification approved by the Committee for the management of the Examination held at its first meeting on 28th March 1936.

2. With regard to the dates for several purposes recommended by the committee, I wish to bring the following facts to the notice of Government : -

(a) The committee considered that it was desirable to permit candidates who are appearing for the Degree Examinations of this year to sit for the competitive examination. Therefore, they have fixed 15th June as the date for receipt of applications. This will give ample time for applications to be sent in by candidates for the Degree examinations who will be declared successful by the Universities, at any rate in South ~~of~~ India. In former years, when an earlier date was fixed for the receipt of applications, persons who had appeared for the degree examinations but were awaiting the results, were permitted to send in their applications provisionally. This will not be necessary this time.

week of December. Thus the Committee has to meet in all six times as against four times hitherto. The other possibility of appointing examiners for the second part also in June alone was considered, but this will involve the necessity of telling some examiners, who may be selected from among the persons outside the State, that their services will not be wanted, should candidates who have taken certain subjects are not declared successful in the first part. The other alternative was to get papers set for all the subjects and scrutinise them at the third meeting of the committee, in which case there will be a chance of certain papers being paid for but not being issued at all. Therefore, it was found necessary to have six meetings as given in the following statement:-

and question papers are not needed in these subjects.

First meeting	..	28th March 1936
Second meeting	..	25th June 1936
Third meeting	..	1st week of October 1936
Fourth meeting	..	3rd week of November 1936
Fifth meeting	..	3rd week of December 1936
Sixth meeting	..	3rd week of January 1937

4. Government would probably like to have some idea of the savings that are likely to be effected by this arrangement, which have to be set off against the increased cost of the meetings. The two additional meetings will cost about Rs.500/-. As against these, the savings to be effected, consist of two parts : -

(i) those that arise from the non-setting of certain question papers, and

(ii) those that arise from the non-valuation of answer books that otherwise would have to be valued.

As regards the first kind of saving, it is doubtful if the amount will be large, since papers will have to be set in most of the subjects, as one candidate or other will chose the paper or papers that a failed candidate had also chosen. The only exception will,

probably, be in the case of Indian Languages, where the number of candidates offering the subject will be very small, sometimes only a single candidate offering Sanskrit, Kannada, or Persian, and if we assume that no paper will have to be set in all these cases, the total savings will be Rs.675/-. But it is probable that papers will have to be set in at least one of these languages, in which case the savings will be only Rs.450/-

5. As regards the savings in respect of the valuation of answer books, they will accrue in any case. Therefore, it is a point for consideration by Government whether the committee may not appoint examiners for all the subjects at the June meeting alone, and take the risk of some question papers not being wanted. In that case, it will be possible to hold the second part of the examination in December alone, and submit the report of the committee to Government by the end of the month.

6. It was suggested that the subject under Part I-- Viva Voce should be named "Interview", since there is no idea of examining candidates in any specific subject, while the intention has been to test the candidates' general knowledge, mental alertness and personality.

I have the honour to be,

Sir,

Your most obedient servant,

H. S. Sundara Rao

Secretary,

Mysore Civil Service ~~Board~~ Committee.

(b) In fixing the dates for the examination in its two parts, the committee were guided by two determining considerations. The first was that the first part of the examination could be held only after three months after the books on current topics were announced and made available for purchase. Since the second meeting of the committee can take place only in the third week of June, that is to say, after the applications have been received and the different subjects and papers candidates propose to offer are known, the books selected by the committee can be obtained from Europe and placed on sale about the third week of July. Therefore the first part of the examination cannot very well be earlier than the last week of October. The last week of October will not be a convenient time for the Secretary who will have to be at the Press in connection with the printing of the question papers, since the Representative Assembly meets about that time this year. Therefore, the committee decided to begin the examination on the 2nd of November.

3. Further, it is an essential part of the revised scheme of examination that only candidates who have passed in the first part of the examination should be allowed to proceed to the second part in order to avoid a setting of question papers for which there may be no candidates as well as of valuation of answer papers of the candidates who will have failed in the first part. If this purpose is to be realised, examiners for Part II can be appointed only after the results of the first part are known. Therefore the Committee will have to meet in the last week of November, and since the question papers will take sometime to be set and have to be scrutinised by the committee, another meeting becomes necessary, and for this purpose it has been provisionally arranged that the 5th meeting of the committee should be held in the third week

My dear Ramanathan,

It was usual, in connection with the earlier Mysore Civil Service Examinations, to prescribe text books under Compulsory subjects (as distinguished from current topics) at the first meeting itself of the Committee, and the draft notification sent to Government for approval contained the list of such books. By oversight, this was not noticed at the last meeting. Messrs. Mc-Alpine and Rollo have been requested to suggest, in consultation with each other, suitable books, and as soon as the list is received, it will be circulated for approval of the Committee and then published in the Mysore Gazette.

2. Similarly lists of text books have to be prescribed under B. Arts (i) English Language and Literature, (ii) Kannada Language and Literature, (iii) Sanskrit Language and Literature and (iv) Persian Language and Literature.

3. With regard to English Language and Literature, Messrs. McAlpine and Rollo will again be consulted, and as regards Kannada Language and Literature, Sanskrit and Persian, the respective Professors, or when they are not available, other scholars in the subject will be consulted, and the list of books recommended by them will be circulated for approval of the Committee before publication.

Yours sincerely,

With reference to your letter No. 2685/C.B. 112-35 dated 26th May 1936, I am writing to say that the name and publisher of the book were sent to you as given by Mr. Rollo.

It is possible that Mr. Rollo, who was writing from Kodaikanal, confused between two works "Rawlinson's Literary Essays" and "Sampson's Nineteenth Century Essays".

The former, which I have seen, may be the book Mr. Rollo meant, but it is also possible that he was thinking of the selections edited by Sampson. I am sending for a copy of the latter, and in the meanwhile

I am writing to Mr. Rollo also.
